THERAPY • REHABILITATION • PREVENTION
ORTHO • NEURO • SPORTS MEDICINE

AktivOrtho is a specialist, non-invasive comprehensive clinic for orthopaedic, neurological and paediatric rehabilitation as well for sports medicine, pain management, prevention, and medical training therapy (MTT) with in house foot clinic dealing in customized in-soles. We are based out of four centres, in and around Delhi-NCR. Founded by leading German orthopedic specialist and former surgeon, Dr. Gerd Mueller, we treat all musculoskeletal conditions from neck and back pain, to RSI or painful knees, as well as providing neuro-therapy to help people post stroke or traumatic injury. We also help people to prepare for and recover from surgery so that the healing process is speed ed up and the results of the operation optimized.

Our trained nutritionists advise on the Metabolic Balance program which is exclusive to us in India. This can help manage weight issues and Type 2 diabetes, specially beneficial to people suffering from various metabolic problems.

With state-of-the-art, German designed rehabilitation programmes, our specialization lay in Medicine Therapy and Training. Our Therapists help patients who are recovering from injuries and advise them as to how to avoid injuries in future.

You can see more about the range of treatments we can offer on our website
